We’ve had a great year!

Great Events

Refining our Processes

Building Out

This year we got to see more of YOU.

We got to talk about movies and such...

We got to be ourselves with you.

We got to party all night with you!

Let's go!

MIDTERM MADNESS

...and we got to learn with you.

This year we got to serve YOU better.

New policies.

to help ensure our clubs reach the next level, and our staff support you better.

Student leader supports.

and not just for our elected ones, either.

Internal governance development.

so you know that your organization is being run responsibly.

From the Government.

through our peers at ASEC, our President has been helping bring your concerns to the AB Legislature.

To our School.

while we've collaborated with the college to ensure the student voice is heard.

And in your classrooms.

as our VP Academics worked to increase transparency and awareness about the appeals process.

This year we grew to meet YOU where you’re at.
